

ZODIAC®

COVER POOLS®

EVERLAST™ BENCH

The Everlast modular bench kit uses polymer panels and adjustable-height brackets to create a low-maintenance bench system.

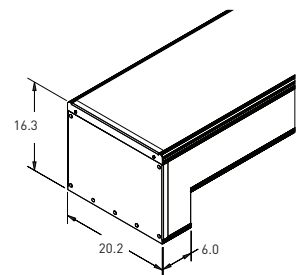

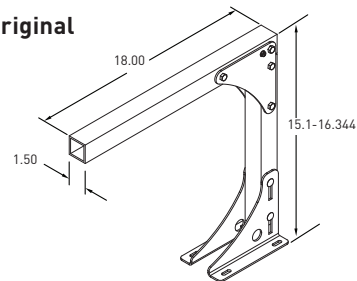

Features

- Powder-coated aluminum ends with polymer panels
- Slide-together assembly attaches with screws and bolts
- Use with SnapTop™ track, Universal track, and recessed track
- Includes channeling to accommodate expansion or contraction of the panels
- Choose from white, beige, gray, or terra cotta
- Smaller size available for Autosave™ spa cover

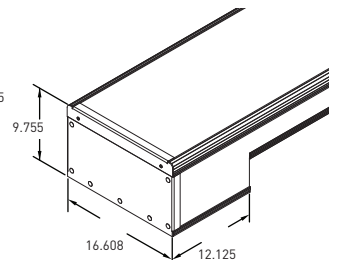

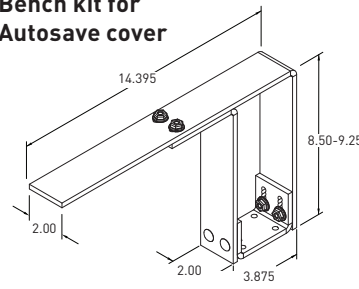

Benefits

- Delivered partially preassembled
- Panels are easy to cut on site if you need to make adjustments
- Easy to attach to deck with sturdy adjustable-height bench brackets
- UV resistant, designed for the marine industry
- Low maintenance
