

COVER  POOLS®

YOUR SPA DESERVES THE BEST COVER

THE INDUSTRY'S MOST INNOVATIVE AUTOMATIC POOL COVER SYSTEM – NOW AVAILABLE FOR YOUR SPA.

The advanced T4™ automatic cover system is now available for your spa. Designed with a smaller motor to accommodate a spa footprint, it works with stainless steel cable or our Ultimate™ Rope.

Features

- Reliable Options**
 T4 Spa is available with either cutting-edge stainless steel cable or our top-of-the-line Ultimate™ Rope to provide you with the most durable and reliable cover system on the market.
- Smallest Footprint**
 Totally new mechanism design accommodates an even smaller footprint, fitting in as small as a 11" motor side box length.
- Simple Installation**
 Adjustable mounting bracketry contributes to quicker installation fitting various sized vaults between 9"-14" wide.
- Maximum Adjustability**
 T4 Spa provides enhanced flexibility with an adjustable reel diameter for easily fine-tuning the alignment of the leading edge and end hubs that adjust 4" on either side to accommodate varying lengths in the roller tube – ensuring a flush cover seal.
- Durable and Dependable**
 Features the same Corr-Resist components used on the standard T4 system, a compact 1/6 HP motor and larger 1-1/2" pulleys that put less stress on the cable or rope for increased longevity.
